SUMMARY

Highly skilled Full Stack Developer with expertise in MERN stack, RESTful APIs, and UI development. Passionate about building scalable web applications with a strong focus on performance, security, and user experience. Adept at collaborating in team environments using Git and Agile methodologies.

EXPERIENCE

Jr. Developer Full Stack

August 2024 – February 2025

xBesh Technologies Private Limited

Noida, Uttar Pradesh

- Developed a full-stack web app using Next.js, Redux, xBesh Components, and TypeScript for scalability.
- Contributed to xBesh's component library, improving UI/UX for 1000+ developers
- Worked in an Agile environment, conducting code reviews and collaborating with cross-functional teams.
- Collaborated effectively in a team environment using Git version control

Web Development (Intern)

July 2023 – August 2023

Evolve Intern

Remote

- Developed a music player with play, pause, next, back, volume, and speed control features.
- Collaborated with a remote team, following Agile methodologies.
- Implemented comprehensive audio controls including playback speed, improving cross-device compatibility by 45%.

TECHNICAL SKILLS

Programming Languages:: Java, JavaScript, TypeScript, HTML

Frontend Technologies:: React.js, Redux, Next.js, Bootstrap, CSS, Tailwind CSS, UnoCSS

Backend Technologies: Node.js, Express.js, MongoDB

UI Libraries:: xBesh UI, Shaden UI, Mantine UI, Radix UI

Developer Tools: Git, GitHub, VS Code, Visual Studio, Postman,

Methodologies: RESTful APIs, Full Stack Development, Responsive Design

PERSONAL PROJECTS

DishDine Website | *MERN Stack (MongoDB, Express.js, React.js, Node.js)*

November 2024

- Developed a full-stack web application using the MERN stack, featuring a responsive and dynamic user interface.
- Built an admin panel for managing food items, categories, user accounts, and orders, ensuring efficient data handling and system control
- Designed and integrated multiple food categories including meals, drinks, and desserts for easy navigation.
- Designed a scalable backend with efficient data management using MongoDB.

Gemini-Chatbot Website - Live Demo | *HTML5, CSS3, JavaScript, React.js, Google Gemini API*

March 2024

- Developed an interactive chat bot using React.js and integrated it with the Google Gemini API.
- Implemented real-time conversation, search functionality, and categorized responses.
- Utilized RESTful APIs to fetch and display dynamic chat responses.

Advance-TextUtils - Live Demo | *Next.js, Tailwind CSS, TypeScript*

October 2024

- Built a text manipulation platform with 50+ tools, featuring real-time text analysis, and keyword extraction.
- Migrated to Next.js and TypeScript, enhancing scalability, performance, and maintainability by 30%.
- Developed a responsive UI with Tailwind CSS, enhancing accessibility and reducing response times by 40%.

EDUCATION

Babu Banarasi Das Institute of Technology and Management

Lucknow, India

B.tech in Computer Science Engineering

Oct 2020 – June 2024

Rani Laxmi Bai Memorial School

Lucknow, India

Class 12th

April 2019 – March 2020

Rani Laxmi Bai Memorial School

Lucknow, India

Class 10th

April 2017 – March 2018
